

"Serve the Church that the Church  
May Serve You."

## CENTRAL UNITED CHURCH BLAIRMORE

Rev. James McKelvey, Minister

Services Sunday next:  
11:00 a.m., Senior school.  
2:00 p.m., Junior school.  
7:30 p.m., Public Worship.

## ST. LUKE'S CHURCH, BLAIRMORE (Anglican)

Church school 11:00 a.m.

## SALVATION ARMY, COLEMAN

Captain and Mrs. T. Smith,  
Officers in Charge.

### Sunday services:

11 a.m., Holiness meeting.  
2:30 p.m., Directory class.  
8 p.m., Sunday school.  
7:30 p.m., Salvation meeting.  
Tuesday: 7:30 p.m., Red Shield Auxiliary and Home League.  
Thursday: 8 p.m., Praise meeting.  
Funerals, dedications and marriages on application to the local officers.

Our need is not for men who can prove their party right but who can get their country right.

## Board of Trade To Be Reorganized

We understand that a call is being made to attend a re-organization meeting of the Blairmore Board of Trade. It is some years since such a board has been active, and with the many advantages that can be effected by everybody co-operating to keep Blairmore to the forefront as well as the many facilities required for growth of any community, it is necessary that all wage earners, business people and professional men to attend this reorganization meeting. Blairmore is not "lagging behind" as much as one would think—but that is no reason to "rest on the oars."

Blairmore Branch of the Canadian Legion, the executive of which is ever mindful of the welfare of the community, has placed at your disposal the use of their spacious club room for this meeting on Thursday next, May 27, at 8 p.m. Special speakers will be invited to address the meeting, and Mayor Williams, councillors, the president of the local miners union, heads of service organizations and others are expected to attend to outline the needs of the town and district.

The thought is brought about with the heavy rains of the past few days, that a board of trade could interest itself in adequate flood control, the consequent damage and the anxiety to

## Wm. Bird Elected Director W.C.F.A.

Saskatoon, May 13 — Harold G. Maguire, of Saskatoon, today was elected president of the Western Canada Fuel Association at the concluding session of the association's annual meeting.

Mr. Maguire, a director of the association for two years, succeeds C. H. Thomson of Winnipeg.

Directors elected, two from each province were: Charles Ellis, Vancouver; Erik Erickson, New Westminster; E. S. Smith, Calgary; W. Bird, Blairmore, Alta.; T. M. Ball, Saskatoon; W. R. Frury, Regina; L. J. O'Brien, Winnipeg; J. E. Hughes, Winnipeg.

Sir Oliver Franks, the new British Ambassador to the United States, is a former Wolf Cub, Boy Scout and Rover Scout, and is the youngest British Ambassador there has ever been appointed to the United States.

All citizens at this time every year. Again: Reason: reorganization of our Board of Trade; place, the B.E. S.L. clubroom; date, May 27; time, 8 p.m.

## Pass Boys Awarded Festival Scholarships

EDWARD MOSER

Edward Moser, son of Mr. and Mrs. W. H. Moser, of Hillcrest was awarded the Ellison Milling and Elevator Co. scholarship of \$50 at the recent Musical Festival held at Lethbridge. "Teddy" received highest marks in the young violinist classes.

STANLEY KLISH

Stanley Klisch, pianist, Blairmore winner of the open Bach class also received honors and was awarded the Sir Alexander Galt Chapter IOOE scholarship of \$100 given to the contestant considered to be the most promising musically.

## Mrs. J. A. Packer Passes at Calgary

The funeral of the late Mrs. Mary Allan Lillian Packer of Blairmore, who died in the Holy Cross hospital Friday, May 14 was held from the Culham Funeral Parlors in Blairmore Monday afternoon.

Mrs. Packer was born at South-end-on-Sea, England, on February 26, 1881, married John Packer in 1902 and followed her husband to Canada in 1906 to live in Regina but soon after moved to Lethbridge. She came with her husband to Blairmore in 1923 after spending many years on a farm near Lethbridge.

She was quite active in church work in Lethbridge and Blairmore for a number of years and took considerable interest in dramatics and directed several amateur plays in the Crow's Nest Pass.

Besides her sorrowing husband she is survived by one son, Norman of Vancouver, B.C. Lillian at home in Blairmore and Veardella (Mrs. Elsie) in Calgary, also one brother, Tom Manning, of Medicine Hat and a sister Annie Cranmer, in England. She was predeceased by the eldest son, Leslie, in 1924.

Following funeral services at St. Luke's Anglican church conducted by Rev. Clark, interment took place in Blairmore Union Cemetery.

Pallbearers were: Harold Pinkney, J. R. McLeod, J. V. McDougall, Arthur Bourne, John Frederickson and Ben Hobson.

## Mrs. G. Sangster Suddenly Passes

Mrs. Sarah Sangster, wife of George Sangster, manager of the Greenhill Hotel passed away in the local hospital very suddenly around 8:30 o'clock Sunday morning. Mrs. Sangster entered the hospital about a week ago for an operation and was progressing favorably. She was expected to leave the hospital May 17th, and her sudden passing was a distinct shock to townspeople who knew her well.

She was born in the Falkland Islands in 1887 of Scottish parents and came to Canada in 1912. She resided in Calgary for 22 years.

She married George Sangster in Calgary on Christmas Eve of 1938. Besides her husband she leaves to mourn two brothers and four sisters, all residents in Scotland.

Funeral took place in Blairmore from the Culham Undertaking Parlors at 2:30 o'clock Tuesday afternoon.

## CHIEF SCOUT VISITING U.S.A.

Lord Rowallan, Chief Scout of the British Commonwealth and Empire, attended the 38th annual meeting of the Boy Scouts of America in Seattle, May 19 and 20, at which Canadian Boy Scouts were also represented.

People take heart when you give them yours.

## New Inquest Ordered Held in Blairmore

Attorney General's department of the provincial government has declared the inquest held in Calgary Wednesday into the death of George Leo Quinlan, 47-year-old miner, is null and void, and the Chief Provincial Coroner has ordered Coroner D. MacPherson, Blairmore, to hold a new inquest here.

The holding of a new inquest at Blairmore was brought about under the Mines Act which provides that half of the jury men sitting on inquests resulting from deaths in mine accidents must come from the mines.

The deceased died in a Calgary hospital, Tuesday from injuries received when he was run down and crushed by a mine rail car at the Hillcrest-Mohawk mine at Bellevue on Monday, May 3rd.

You begin to burn with love of country when self-love burns out.

## Elks to Reorganize Lodge at Fernie

Grand Trustee R. C. Old, accompanied by W. Meir, H. Dancy and C. Freeman were in Fernie last week in connection with the reorganization of Fernie Lodge of the Benevolent and Protective Order of Elks. Mr. A. Moran is conducting the work.

June 4 is the date set and this reorganization meeting will be attended by Grand Exalted Ruler Major A. O. Smellie, of Russell, Manitoba as well as members from Blairmore, Coleman and Kimberley.

Although at the time of writing weather is none to promising for May 24th, celebrations are proceeding. Bellevue will stage their annual Lions show in the arena, while this year Cowley have advertised a monster baseball tournament with eight clubs entered and preliminary games on Sunday, the 23rd.

## C.N.P. Sr. Baseball League Opens May 30

Teams of the Crows Nest Pass Senior Baseball League will swing into action on May 30 when the Blairmore Columbus Club entertain the Hillcrest nine and Coleman Cubs, 1947 Crow Champions will play hosts to the Natal-Michel team. The league schedule will be concluded on July 18 after which a four team play-off will be held to decide a representative in the newly organized Southern Alberta Baseball Association playdowns. This will be followed by the regular league play-offs for the Ringland cup.

The Schedule is as follows:

"Someday" comes closer  
with every dollar you save

Most of us have to plan for the good things of life.  
And a big part of that planning is a matter of dollars  
and cents—of earmarking a certain part  
of our earnings for the things we want most.

It's not always easy, especially these days:  
But the fact remains that what you save is still the  
most important—the most satisfying—  
part of what you earn.

Are you hoping for something...or saving for it?

**HAMILTON BOY CLAWED BY LIONESS**—Tapped aside is reminder to Kenneth Appleyard, eight, that he got too close to the cage of a lioness at the circus in Hamilton, Ont. Kenneth got a pass to the circus and shows it to his brother William. The big cat's claws ripped through two sweaters and the shirt Kenneth was wearing and his wounds had to be stitched up. Here is Princess, who clawed the boy, with a circus official.

**STARS IN SUPER-DUFFY WEDDING**—Figures in a super-de luxe wedding, such as only Hollywood can produce, Lana Turner, who made sweaters famous, and millionaire Henry J. (Bob) Topping, Jr., are shown together shortly after the ceremony. For weeks the screen capital and all London has been hearing about a \$30,000 bridal outfit, a buffet table with lobsters flown from Boston; carved ice statuary showing the couple and love birds kissing.

**ROYAL EXILE TALKS TO NEWSMEN**—As he listens carefully to questions tossed at him by New York reporters, Ex-King Peter of Yugoslavia sits chewing the end of a pencil. Arriving with his wife, the former Princess Alexandra, and his son, Alexander, he intimated that he had hopes of regaining his throne.

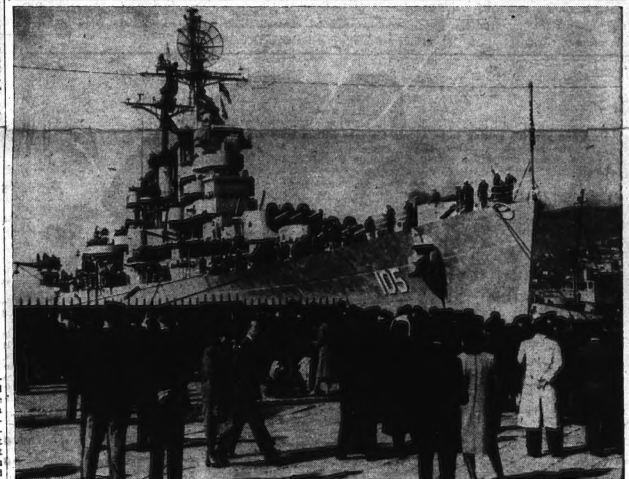

**BLOSSOMS AT THEIR BEST**—Blossom time throughout Ontario is reported by growers to be three weeks ahead of last year. Evelyn McCauley of Niagara Falls, (above), is seen admiring early blooms.

**ATTACKED BY TWO MEN**—Mrs. Andrew Allen, 55, wife of Capt. Andrew Allen of the C.S.L. freighter, Leithbridge, who reported to police she was attacked in her Sarnia, Ont., home by two men claiming to have declared her husband refused to sign them on his vessel. She was struck on the head, clothing torn, her glasses broken and \$10 taken from her purse, she told police.

**ONE KILLED, ONE ESCAPES, AS FARM HOUSE COLLAPSES**—Thomas Weir, 52, of Shelburne, Ont., was killed when the building he bought only recently collapsed. The two-storey farmhouse was being salvaged for lumber by Mr. Weir and his son-in-law, Frank Keating. The latter was pinned by falling walls but was able to get away. The flattened ruins, shown here, trapped the father-in-law near the back door as he tried to escape the falling timbers.

**U.S. CRUISER SEEN AT TRIESTE**—The presence of the U.S. cruiser Dayton at Trieste was protested by the Yugoslavs who claimed its crew boosted Allied military personnel above treaty limits. Here, Trieste residents watch the ship.

**BARBARA ANN PLANTS KISS OF WELCOME ON DICK BUTTON**—Dick Button of Englewood, N.J., U.S. Olympic skating champion, was accorded a warm welcome at Toronto, Ont., recently where he appeared in a Rotary ice show. With Mayor McCallum to welcome the 18-year-old boy was Canada's sweetheart of the ice, Barbara Ann Scott. She kissed Button upon his arrival, and it is difficult to say who was more delighted, Dick or the crowd which had turned out to welcome him. Above Barbara Ann, Dick and Mayor McCallum are shown.

**MAN STABBED, MURDER**—Frank DeLuca, 50, was found dead in a pool of blood in his Riverdale Drive home in Mountjoy township, a few miles out of Timmins, Ont. Police said he was stabbed in the abdomen and there were indications that a "terrific fight" had taken place. It was murder, police said. A 14-inch knife, razor-sharp on both sides, and ground to a sharp tip, was found in the yard. Police said the house was completely ransacked and that robbery appeared to be the motive.

**IRISH PRIEST RUNS CHINESE MISSION**—Chinese mission in Chicago is run by an Irish priest from Brooklyn, Rev. Martin Joseph Burke, who spent 10 years in China and speaks several of the native dialects. Here he tells an enthralled group of youngsters a story in St. Theresa mission.

**LANDS JET IN TINY CLEARING**—As Wing Cmdr. J. D. Somerville of Vancouver was banking across the northern Ontario sky at 340 miles an hour the single engine of his Vampire jet plane stopped. "It came down on to the clearing o.k.," he related, "but I might say it was a clearing only in the northern Ontario sense. There were plenty of stumps and boulders. During the last 50 yards or so the aircraft turned sideways and I took a terrific battering." Somerville was on his way from Toronto to Vancouver when he force landed. It is not known exactly what went wrong. Somerville called it a "technical failure." 2171

**GETS BIRTHDAY GIFT IN FORM OF MINIATURE JEEP**—Miniature jeep driven by a battery was the birthday gift of Donald Benninger, four, from his father, Walter Benninger, Kitchener, Ont. Donald is shown in his jeep giving a ride to Stephanie Bass, a neighbor.

## WHICH SHALL WE HAVE?

The future trend of prices is in large degree in the hands of the labor unions according to the Bank Letter of the National City Bank, New York. If greater output for each man-hour can

be achieved, and food prices ease, the unions will gain the increase in real wages that they rightly seek, is the contention, adding that if they insist on higher money wages without increasing output, accompanied by costly strikes and further impairment of

efficiency—giving inflationary trends another push their money gains will be illusory.

A popular definition of an expert is "An ordinary chap fifty miles from home."

## SPARE-TIME PILOTS

More than 500 "weekend" pilots are now flying in their spare time in Britain's post-war Royal Air Force Volunteer Reserve. Recruiting started in March this year and now twelve fly-

ing schools are operating in various parts of the country. Three more are due to open in the near future, and others will follow. All pilots accepted are granted a £35 annual flying training bounty as well as travelling and other allowances. Their flying train-

ing amounts to 40 hours each year.

Customer: What's the difference between this '48 model and last year's? Salesman: Well the automatic pig-arete lighter is a good inch nearer the steering wheel.

## Joe's Auto Body and Fender Works

This well-known Blairmore business concern is headquarters in their line for motorists and garage men for many miles around. They offer a complete service in all branches of auto body work, being equipped with the best mechanical devices for body and fender repairing, painting etc.

Joe's Auto Body and Fender Works is under the management of four brothers—Messrs. John, Charles, Steve and Joe Ulrich. They are all experienced mechanics, and have a wide experience in rebuilding automobiles. Their long experience in this field have made them familiar with all methods required to put even the most badly damaged or wrecked cars in excellent condition again. They have kept thoroughly up to the times and are meeting the demands of the motorists and garage men in a most thorough manner. All work performed here is given the most conscientious attention by men skilled in this work.

Often cars come to this shop so thoroughly damaged that the owners had given up hope of ever using them again. With their modern equipment for the purpose and the skill to use it effectively, Joe's Auto Body and Fender Works are able to remove every

trace of damage and restore the original beauty and usefulness of the car. If your car is ever involved in a collision or any sort of accident in which the body is bent, lamps crushed, paint scraped off, etc., you need to do it to call this competent concern, and they will repair everything so that it will look like new again.

## District Firebosses Hold Annual Meeting

At the annual meeting of the Crows Nest Pass Firebosses Association, held at Michel on May 2, officers were elected as follows:

President, John Sweeney Fernie; vice-president Stan Price Blairmore; secretary-treasurer, J. T. Griffith Bellevue and recording secretary, S. Pasiaud, Michel.

"What's the noise?"

"Sam, the barber, is shaving himself."

"What's the conversation about?"

"He's trying to persuade himself to have a shampoo."

## DANGEROUS PROCEDURE

(Pincher Creek Echo)

During the past decade there has  
been a growing tendency on the part  
of the governing bodies to assume an  
autocratic attitude. To use a crude ex-  
pression, "Once the ballots are counted  
they think they have the world by the  
tail on a downhill pull." We find this  
attitude creeping into our public orga-  
nizations school boards, town and munici-  
pal councils. If this situation were  
confined to these local bodies it would  
probably not be a serious matter, but  
a growing dictatorial attitude is even  
more pronounced in the higher govern-  
ing circles.

It is alarming to learn the attitude  
of some officials of the various Pro-  
vincial government departments. It is  
equally alarming in the Federal De-  
partments of Income Tax and Agricul-  
ture.

Both Provincial and Federal govern-  
ments have adopted a plan of enacting  
important legislation by order-in-coun-  
cil in preference to the slower demo-  
cratic procedure of settling such ques-  
tions on the floor of the House with  
the people's representatives. We admit  
that such a system has its advantages  
but like all the various forms of autocr-  
acy, it also has grave dangers. It is  
time Canadian citizens awakened to the  
gravity of the situation and took more  
active interest in public affairs.

Nothing in recent years has given  
government by order-in-council such a  
jolt as the recent Wheat Board case.  
On April 3rd of last year an order-in-  
council (No. P.C.1292) gave the Wheat  
Board authority to "take over all oats  
and barley stored in commercial pos-  
itions and pay the owners an arbitrary  
price of 64¢ cents per bushel. One  
party refused to turn over 40,000 bushels  
and took the matter to court. It was  
settled last month—against the  
government. The judge ruled that the  
order-in-council was ultra vires and in-  
valid, and said, "There was a deliberate  
omission from the Act of clear distinct  
and unequivocal powers of appropria-  
tion."

When any small group of men by  
order-in-council go so far as to appro-  
priate private property in times of  
peace then we no longer have a democ-  
racy and the power vested in the  
men is unlimited.

It is hoped that this court decision  
will be an awakening not only to our  
federal government but to lesser gov-  
erning bodies all down the line.

## WATCH SCRATCHES

Those minor scratches and cuts  
which are so common particularly when  
healthy young children are given  
won't matter too much if they are at-  
tended promptly and skillful attention. The  
family doctor will be glad to advise  
what first-aid kit and home remedies  
should be kept on hand for treatment  
of scrapes and burns and pricks. Early  
care and close liaison with the doctor  
are essential to safety in the home.

It is more important to keep the  
right spirit than to get things done.

## COWLEY HAPPENINGS

Mr. and Mrs. Lawrence Bent left  
Friday evening by car for a two-week  
holiday in Calgary and Medicine Hat  
with immediate relatives of Mrs. Bent.

Farmers started seeding on Monday  
of this week. A few enthusiasts have  
managed to get a bit of gardening done  
in spite of unfavorable weather con-  
ditions.

Mr. and Mrs. Ed. Hewitt of North  
Fork spent this week end visiting Mrs.  
Hewitt's sister and her family in  
Fernie, B.C.

Mrs. Russell Smyth paid a visit this  
week to her husband's parents, Mr. and  
Mrs. Lem Smyth, in Pincher Creek.

A very successful and well attended  
dance, sponsored by the Cowley Base-  
ball Club was held in Papp's hall  
Friday night May 14, net proceeds  
amounted to the neat sum of \$65.00.

Mrs. Joe Jordan and her infant  
daughter Evelyn have returned home,  
following a few days visit with Mrs.  
Jordan's parents, Mr. and Mrs. Harry  
Gilroy, at Macleod.

Mrs. Griffith Parry has resumed her  
duties as teacher on the Cowley staff  
since being confined to her home  
through illness for several days.

A well attended meeting in aid of  
the Cowley cemetery was held in the  
Masonic hall on Friday evening May  
14, when the United church, St. Aidan's  
Anglican church and St. Joseph's  
Roman Catholic church joined togeth-  
er to make arrangements to do a con-  
siderable bit of necessary and general  
fixing-up in and around the cemetery  
which has been neglected for some  
time. The meeting was called to order  
with Eddie Smyth acting as chairman  
and Wm. Cochrane recording sec-  
retary. It was reported that some old  
graves have been very hard to locate  
with an odd one or so being lost al-  
together. An accurate map of the  
cemetery drawn up and arranged by  
Mrs. Eddie Smyth was used at the  
meeting as a guide to show the original  
survey of the cemetery. Each of the  
three churches will be given a copy of  
this map. Wm. Cochrane donated a  
strip of land twenty feet wide on the  
north side of the cemetery where an  
iron gate will be put for an accommo-  
dation in time of drifting snow when  
the main gate is difficult to enter. Car-  
ing for the border of trees around the  
cemetery is also to be properly looked  
after. A committee of six men, two  
from each of the three churches above  
named, namely Eddie Smyth, Stanley  
Snyder, Harry Smyth, Arthur Gray,  
Hector Lemire and Jim Smith were  
elected by vote with the president of

each of the Women's organization of  
the three churches to automatically be  
on the cemetery committee. It was  
also passed by vote to get a sufficient  
number of extra iron pegs to finish up  
accurately marking the original sur-  
vey of the cemetery. On motion of the  
meeting, the road, about one half mile  
long leading from the main highway to  
the cemetery, will be highly graded and  
well gravelled. This work will all be  
donated together with power machin-  
ery to complete the job with the work  
well done. Arrangements are now un-  
der way to hold an annual plowing  
match and afternoon tea, on Saturday,  
June 19 in aid of the Cemetery fund.

## Royal Canadian Shows Here Next Week

Royal Canadian Shows open Mon-  
day next for a full week of fun, May  
24-29, afternoons and evenings.

The show has six thrilling rides, two  
shows of merit and new and novel  
games. Aerial attractions will be pro-  
vided twice daily on the midway by  
the Don Quixote troupe.

## Dominion Convention of the Canadian Legion

Veterans from all parts of Canada  
are now en route to Saskatoon to at-  
tend the Dominion convention of the  
Canadian Legion from May 23 to 27.

More than 1,500 delegates are ex-  
pected to attend the veterans' parlia-  
ment. Among the principal resolutions  
are ones on pensions, housing, em-  
ployment, communism, national de-  
fence and immigration.

While communism has not made any  
great inroads in the Legion, neverthe-  
less many delegates are going pre-  
pared to strengthen the Legion's consti-  
tution on admittance of those pro-  
fessing this doctrine.

The Governor General, Viscount  
Alexander, Grand Patron of the Leg-  
ion, will officially open the conven-  
tion. Also in attendance will be Sir  
Richard Howard-Clyde, honorary treas-  
urer of the British Legion; Major  
Ernest Harston, honorary secretary of  
the British Empire Service League and  
Colonel Wm. Rae, the Canadian Leg-  
ion's representative on the BESL

## Council

It is expected that a large number  
of veterans of World War II will be  
present. A considerable number of  
them are already filling executive posi-  
tions in the organization.

Who will be the new leader of the  
300,000 members comprising the  
strength of the Legion is unknown.

Major General C. B. Price, the pres-  
ent president has signified that he will  
be unable to tackle another term of  
office.

Chairman of the Convention Com-  
mittee is Brigadier Alex. Ross, of  
Yorkton, Sask.

# DRINK a PEPSI

... today, and often every day,  
it's a real treat anytime.  
So whenever you're thirsty  
or want to add delight  
to a moment of relaxation,  
drink a Pepsi. Remember,  
you get more for your money  
in that big 12-ounce bottle.

"Pepsi-Cola" and "Pepsi" are the registered  
trade marks in Canada of Pepsi-Cola Company  
of Canada, Limited.

## HELP IN CASE OF ACCIDENT

### ARTIFICIAL RESPIRATION: Prone Method.

Some injuries such as electric shock, drowning, gas poisoning, choking interfere with breathing and may cause asphyxiation, unless normal breathing is promptly restored. Artificial respiration should be restored to bring this about, but remember, SEND FOR A DOCTOR IMMEDIATELY.

Lay the patient prone, (face down), the head "downhill", if possible, with one arm extended directly overhead, and the other arm bent at the elbow to form a resting place for the head so that nose and mouth are free for breathing.

Kneel, straddling the patient's thighs, with palms of the hands on the small of the back, and fingers resting on the ribs, the little finger just touching the lowest rib, and the fingers extended straight down.

With arms held straight swing forward slowly bringing the weight of the body gradually upon the patient, so that the shoulder in this position is directly over the heel of the hand at the end of the forward swing. Do not bend elbows. Then immediately swing backward so as to remove the pressure completely. After two seconds, repeat the pressure and release, the complete swing forward and backward to take four or five seconds, or 12 to 15 times a minute. Continue without interruption until the patient breathes naturally.

Patients have been revived after as long as four hours or more by this method. Keep up the arti-  
ficial respiration and do not allow patient, even if he starts to breathe naturally, to stand or sit up. Keep patient warm and if doctor has not arrived by the time patient has revived, give light stimulants, 1 tea-spoon of aromatic spirits of ammonia in a small glass of water or hot drink of coffee or tea. Watch patient to see that normal breathing continues, and if natural breathing stops, begin artificial respiration again. If necessary, to change operator, the change should be made without losing the rhythm of respiration.

"Just what I've always wanted!"

## FREEDOM FROM PUNCTURES

now brought to you by B. F. Goodrich

At long last you can ride free from the worry of both blowouts and punctures! A sensational new B. F. Goodrich tire-tube team gives you smoother riding . . . longer mileage . . . extra blowout protection . . . plus FREEDOM FROM PUNCTURES.

### New B. F. Goodrich Silvertown Tire OUTWEARS PRE-WAR TIRES!

Normal tread wear is spread over a wider, flatter tread that puts more rubber on the road. You get greater road-gripping traction for safer riding . . . safer stops. And 35 per cent stronger body and side-walls provide extra blowout protection . . . longer mileage.

B. F. Goodrich Silvertown tires give longer mileage, greater safety, with any standard tube. And Seal-o-matics can be used with any tire casing. But together! There you have the perfect tire-tube team that gives blowout protection PLUS freedom from punctures! See your B. F. Goodrich dealer today!

Makers of Tires, Batteries, Automotive Accessories, Rubber Footwear, Industrial Rubber Products and Koroform

### New B. F. Goodrich Seal-o-matic Tube SEALS PUNCTURES AS YOU RIDE!

The sensational new B. F. Goodrich Seal-o-matic Safety Tube seals punctures instantly . . . permanently . . . as you ride! It's an exclusive B. F. Goodrich feature! And the Seal-o-matic has thicker, stronger walls that absorb shock . . . protect your tires against premature failure and blowouts.

## Canada's National Parks

ONE OF CANADA'S GREATEST ASSETS is the wealth of natural beauty which is to be found in all the provinces. In our many lakes, rivers, forests and mountain ranges there is wealth in the form of natural resources, but they also combine to make Canada one of the most beautiful countries in the world. Visitors from other lands are always impressed with the magnificence of the Rocky Mountains, the extent of the Great Lakes, the splendor of Niagara Falls, and the richness of our farm lands and forests. In many parts of the country the Dominion government has set aside some of the finest scenic areas for national parks. In these areas the natural beauties are being preserved, and good roads and other facilities are provided for tourists, making it possible for many thousands of Canadians and visitors from other countries to holiday there each year.

### Will Improve Western Parks

It has recently been announced that the Dominion government will spend \$7,372,000 on national parks in Canada during the fiscal year 1948-49, and of that sum, more than \$5,482,000 will be spent on the parks in Western Canada. While much of this money will be used for extensive improvements to the mountain parks at Banff and Jasper, Alberta, considerable sums have been allocated for work on the Prince Albert National Park in Saskatchewan, where \$388,300 is to be spent, and on the Riding Mountain National Park in Manitoba where expenditures will amount to \$487,000. Improvements are also to be made in other parks in the West including Elk Island Park, the Waterton Lakes National Park, and Glacier Park, in Alberta; and in Yoho, Kootenay and Mount Revelstoke National Parks in British Columbia.

### To Encourage Tourist Trade

The improvements to be made in these national parks are a part of the government's plan to encourage American tourists to come to Canada this year and to spend United States dollars in this country. The Canadian Rockies and beautiful spots in the Prairie provinces have for many years attracted people from all parts of the United States and no doubt the information that the national parks in these regions are to be further improved will encourage a great many American tourists to visit them this season. The full potentialities of Canada as a vacation land have not yet been fully developed, but in adding improvements to the many fine national parks, a further step is being taken toward making the most of this very valuable asset.

### New Method Of Irrigation To Substitute Ditch Method

REGINA.—A new method of irrigation by "artificial rain" was described by E. L. Gray, superintendent of water development, P.F.R.A., at a meeting of the northern Saskatchewan branch of the Institute of Agronomy in Saskatoon.

This method—a substitute for laborious ditch irrigation—involves use of a system of pumps and light, easily portable, aluminum or magnesium piping capable of throwing water as high as 150 feet and of covering a 30-foot strip each side of the pipe. The method is already being used in the United States, said Mr. Gray.

The system, he said, would utilize any water available from rivers, creeks and dams, dugouts and sloughs.

Cost of the equipment was offset

### COMPANIES TO PROSPECT AT GREAT SLAVE LAKE

OTTAWA.—A \$200,000 search for lead-zinc ore bodies will be started soon around Great Slave lake in the Northwest Territories.

Behind the project are Consolidated Mining and Smelting company of Canada limited and Ventures limited. An order-in-council published recently shows that these companies have been given exclusive rights to prospect for minerals in an area of 500 square miles.

Once planted and growing, about the only summer care the garden should need will be thinning, weeding and cultivation. If the soil is very dry it is advisable to water. With the latter job one should bear in mind that one good soaking, whether with vegetables, flowers or lawn, is worth a dozen sprinkles. A little chemical fertilizer applied carefully according to directions is also a good thing at this time. It will hurry along growth and with vegetables will increase tenderness. When the hot weather sets in it is as well to cut lawn grass less frequently and not as short. This protects roots from the burning sun.

There is nothing quite like the thrill of being able to boast to a neighbor that your flowers or vegetables are days ahead of his. But there is also much solid satisfaction in having good and beautiful things from the garden long after those next door are done. Perhaps the commonest mistakes of all amateur gardeners are planting too soon and stopping too soon.

With vegetables, especially, most varieties should be sown at least three, carrots, beans, green onions, radish, can be planted regularly up to July 1st. This will keep a tasty supply of the freshest vegetables coming along.

**STOP POTATO PESTS**

## Canada's Pickled Horsemeat Rare Delicacy In Europe

Examining the roll of pickled meat here are E. S. Ferguson, Camrose, Alta., and C. Shirriff, Swift Current, Sask. Newly appointed directors of the Horse Co-Operative Marketing Association, which has plants in Swift Current and Edmonton.

The object was on display at a recent meeting of the Horse Co-Operative Marketing Association in Swift Current, Sask. It looked for all the world like a bologna used to, before the new look and streamlining caught up with the humble sausage family.

As the long morning session of the annual meeting dragged on, delegates who had breakfasted early began to eye the bologna-like exhibit with a hungry eye. In order to prevent an onslaught with tack knives, the chairman explained that the "thing" simply wasn't edible in its present form.

**Rare Delicacy** It was a roll of pickled horsemeat, destined eventually for Belgium or Holland, in which countries it is considered a delicacy. Some extra spicing and plenty of cooking would be necessary before it could be eaten, but the chairman assured delegates it was a tasty morsel after it was properly prepared.

The co-op, originally set up to rid the prairies of surplus horses which were eating up range grass, and offering other more profitable types of livestock of a decent living, reported that 115,000 unwanted horses had been canned, pickled and otherwise disposed of.

### Plan To Develop Faster Freighters

OTTAWA.—A long-term program for the development of Canada's merchant marine and shipbuilding industry is being launched by the federal government. It was learned. Key feature of the plan, expected to be announced officially in the near future, is that the government would grant concessions to encourage shipping companies to get rid of out-of-date vessels and have replacements built in Canadian yards.

### Boy Builds \$15,000 House For \$3,500

VANCOUVER.—Frank Howler, high school student, has built a home worth \$15,000 at a cost of only \$3,500. He started the structure four years ago at the age of 17 and it is now almost finished.

"I never built anything in my life," he said, "but the average kid thinks building a house is a cinch, so I took a crack at it."

The ground floor has an ample living room with a huge brick fireplace. The kitchen has plenty of cupboard space. There are two bedrooms on the ground floor. On the second floor Frank has a suite consisting of a large bedroom with a "sitting room" off it.

### Making Gains In Leprosy Treatment

TORONTO.—No complete cure is known for leprosy but modern treatment is making advances against the disease. Sir Walter Kinneir, chairman of the British council, told the Canadian branch of the Mission to Leprosy.

"A lot can be done by separation, and healthy children of leper parents can be saved if they are put into new homes."

### When your BACK ACHES...

Backache is often caused by **lary kidney** action. When kidneys get out of order acids and poisons remain in the system. Then backache, headache, rheumatic pain, disturbed rest or that tired old feeling may soon follow. To help keep your kidneys working properly—use **Dodd's Kidney Pills**. Time-tested, popular, safe, non-habit-forming. Demand **Dodd's Kidney Pills** in the blue box with the red band. Sold everywhere. 118

### Dodd's Kidney Pills

### FUNNY And OTHERWISE

"Yes, it was a case of love at first sight."

"Why didn't you marry him?" "I saw him several times afterwards."

"Will you spend a holiday with me at Lake Louise and Banff?" "I'd like to very much but I don't know how to banff?"

"I am a character expert," said the first man, "I have watched you, and what you need in your business is push—push—push."

"You're wrong," replied the other, "I'm a dentist."

Political Agitator: "I'm pleased to see such a dense crowd here tonight."

Teacher: What happens when the human body is immersed in water?

Student: The telephone always rings.

Mrs. Hopkins: I thought your sign read, "Photographs While You Wait."

Photographer: It does, madam, but as you'll have to wait four days, maybe you'd better wait at home.

In a local hat store, the salesman said, "Now that, sir, is the most becoming hat you've tried on so far." The customer replied, "I agree with you entirely; it's my own."

He: "Do you believe kissing is unhealthy?"

She: "I couldn't say—I've never."

He: "You've never been kissed?"

She: "I've never been sick."

Beach Photographer: "I've just taken a nice little picture of yourself and your wife, sir."

Visitor: "Well, it doesn't happen to be my wife."

Beach Photographer: "Then would you care to buy the negative, sir?"

"I was struck by the beauty of this town," said the visitor.

"Serves you right," said the native. "You shouldn't get too familiar with her."

## Canada Is Third Among World's Seller Of Goods—Fourth In Buying

(By The Canadian Press)

Canada is third among the world's sellers of goods, following the United States and the United Kingdom, and the fourth among the buyers, following those two countries and France.

This compares with her position of fifth among exporters and eighth among importers in 1938.

Figures of this sort are an old story to Canadians—up there near the top for a long time—so old that they may be inclined to forget what they mean.

Some day Canadians have a sense of inferiority, which others deny vigorously, but if they have, it is because they are playing in such a big league. They can't be first in over-all figures in competition with the large populations of the United States and the United Kingdom. They can be first per capita in many things, but the very words per capita have a sound of the hazy realms of economics.

However, it isn't hazy economics that some 12,000,000 Canadians are setting up marks undreamed of by any similar number of people. True, in case they should think too much of themselves, they are 12,000,000 people with the good fortune of having a half-continent and its resources at their disposal.

### Export Surpluses

Large export surpluses of a growing number of staple commodities—fish, furs, wheat, lumber, newsprint, gold and base metals—have been traded for capital goods necessary to develop the economy.

However, "The growth of Canadian exports reflects the development from an economy based largely on wheat to one with a much greater variety and a high degree of industrialization."

In 1913 farm products, fish and furs made up nearly two-thirds of the value of Canada's exports, roughly \$280,000,000 of a total of \$400,000,000.

By 1947, though this group had increased in value to nearly \$1,000,000,000, it constituted only a little over a third of all exports. Wood products and minerals, on the other hand, as a result of the development between two wars, made up almost half of the large 1947 total compared with less than a third of the small figure of 1913.

Manufactured goods also have risen to a position of importance among Canada's exports. In 1947 nearly one-fifth of the total consisted of goods in this group as compared with one-eighth in the inter-war period and only about one-fourteenth in 1913.

**RESULTS SO WONDERFUL PRICE SO ECONOMICAL**

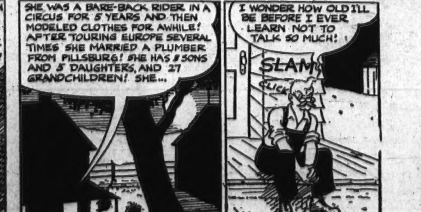

Why put up with drab dull walls, when a coat of ALABASTINE will make rooms glow with colour?

Just mix with water, and see how easy and economical it is to apply. ALABASTINE brushes on easily, dries quickly without odour, and will not rub off.

Your choice of ivory, cream, buff, light buff, grey, pink, light blue, light green or white.

LEAGUE OF CANADA presents TOPICS OF VITAL INTEREST

### STREPTOMYCIN AND TUBERCULOSIS

The use of streptomycin has raised high hopes in the treatment of tuberculosis, the Canadian Medical Association Journal comments editorially in a recent issue.

"As in the case with all new remedies, however, time is required for the appraisal of its value," the editorial says, "and there are certain aspects in this case both of the remedy and the disease, which make the appraisal peculiarly difficult."

Referring to a recent survey on the subject by the Council of Pharmacy and Chemistry of the American Medical Association, which was reported in that association's Journal, the Canadian Journal states that the conclusions to be drawn from the work so far are tentative, but allow some definition of the effects of streptomycin.

"It had a favorable effect on most progressive or stationary exudative pulmonary lesions, the effect being most evident in the first 60 to 90 days," the editorial states. "But rarely did it produce a 'cure' and often relapses occurred on withdrawal, some times even whilst treatment was going on."

"The main value of streptomycin in pulmonary tuberculosis appears to be as an adjunct to other measures, especially in certain acute phases in preparing for surgical measures. It should not be used in minimal cases."

Concerning the value of streptomycin in treatment of the disease in other parts of the body, the Journal says that in tuberculous sinuses "the effects have been strikingly favorable," and that perhaps "the type of disease which responds most satisfactorily is the ulcerative form of tracheobronchial and laryngeal tuberculosis."

Miliary tuberculosis (acute generalized tuberculosis) was said to be amenable to streptomycin treatment and "it is felt that its mortality will be definitely lowered."

"The disadvantages of streptomycin are accentuated in tuberculosis because of the length of the time it has to be used," the Journal editorial comments, adding that there is some toxic reaction.

The Journal says, however, that the whole subject is receiving intensive study and the outlook is seen well summed up in the concluding sentence of the Journal of the American Medical Association's report:

"The slight and not entirely acute crutch provided now by streptomycin to a limited section of the tuberculous may be replaced by a stronger instrument or a new pair of legs for the entire group."

### The Best Present

7301

Any bride will thrill with pride to spread her table with this cloth made by you! Crocheted square is the star and pineapple design.

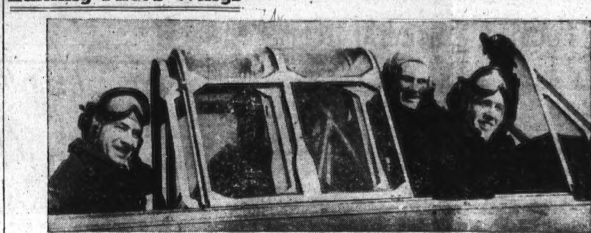

These squares joined make a double design. No. 30 cotton for 9-in. square. Pattern 7301; directions. Our improved pattern is made with easy-to-see charts and photos, and complete directions - makes needle-work easy.

To obtain this pattern send twenty-five cents in coins (stamps cannot be accepted) to Household Arts Department, Winnipeg Newspaper Union, 175 McEwen Avenue E., Winnipeg, Man. Be sure to write plainly your Name, Address and Pattern Number.

### ALMOST A RECORD

LONDON.—Britain's exports for March are valued provisionally at \$480,000,000—the highest ever recorded with the exception of July, 1920.

## Earning Pilot's Wings—

Three Saskatchewan boys on their way to earning pilot's wings with the R.C.A.F. are shown above, ready for a routine training flight at Centralia, Ont. in one of the Air Force's powerful Harvard trainers. They are (left to right) Flight Cadets G. H. Gray, Saskatoon; M. D. Broadfoot, Tisdale; W. G. Paisley, Prince Albert. All three entered the R.C.A.F. last November, and will be awarded their wings and commissions after completing their initial flying training period, which takes a little over one year. Both Gray and Paisley are former Air Cadets, Gray having won a flying scholarship with the Air Cadet League before entering the R.C.A.F.

Shown in the cockpit of a Harvard trainer aircraft is Flight Cadet A. A. Ehnun of Vonda, Sask., who has begun flying training in the R.C.A.F. Ehnun, who is undergoing pilot training at R.C.A.F. Station, Centralia, Ont., entered the R.C.A.F. in July, 1946, as a clerk accountant, and was selected from the ranks to qualify for a pilot's wings after the completion of his initial flying training, which takes a little over one year.

### THE OPTIMIST

No matter how much rain comes down,  
Or how the wind may blow,  
The robin sings his cheery song,  
That all the world may know.

He still remains an optimist.  
Despite the state of things:  
For he has bucked fierce winds  
Before.

And flown with rain-soaked wings.

At any hour the wind will drop,  
And it won't always rain,  
And if the worms are hard to pull,  
Well, he just pulls again.

So why not try the robin's plan  
And optimistic be?  
Have faith, work hard and keep  
Your word.

Then happy you will be.  
—T. B. Gleave.

### CANADIAN VISITORS TO LONDON GOOD SPENDERS

LONDON.—Canadians who visit London for the Olympic games or any other reason are more than welcome—they spend an average of \$500 a head, \$100 more than American tourists.

"Canadians stay longer than any one else and they spend more than their American friends," an official of the British tourist board said in an interview.

The monogamy was introduced into the West Indies to control snakes, but has now become a worst pest than the snakes.

### EGG EXPORTING FIRM HAS UNUSUAL MACHINE

ADELAIDE, Australia.—A machine which cleans and pasteurizes eggs in the shell at the rate of 18,000 an hour is being used by an egg exporting firm here. It is claimed to be the only machine of its kind in the world. The eggs are fed into a bath at 146 degrees Fahrenheit where they are scrubbed and then passed into a cold air chamber.

### ORIGIN IN FRANCE

The practice of veterinary medicine and surgery originated in France as a means of saving horses injured in war.

## Farm Machinery Imported From U.S.

OTTAWA.—There are no prohibitions, controls, taxes or regulations forbidding or limiting the import of either new or used farm machinery from the United States into Canada, officials of the wartime prices and trade board stated. The only way in which such imports might be checked would be by a revision of the Canadian tariff act imposing duties on farm machinery now imported free of customs and excise taxes.

These statements were made with reference to complaints that "free lance" U.S. machinery agents are importing and advertising U.S. made farm machinery at prices high above the Canadian manufacturers' list prices. There never has been a ban on imports of used machinery from the U.S. even during the war.

The outcry has arisen from two sources—Canadian manufacturers and the Canadian revenue department which sees Canada's precarious supply of U.S. dollars being depleted by purchases of U.S. machinery which duplicates that made in Canada. For the two months of January and February, 1948, nearly \$20,000,000 of such U.S. farm machinery was imported against about \$13,500,000 in the same period of 1946 and only about \$2,000,000 in January and February, 1945.

### YOUTHFUL BALL PLAYERS GET PROMPT FIREMEN REPLY

SAINT JOHN, N.B.—A lusty live-fire of the bat of a youthful Saint John baseball player struck a fire alarm box, broke the glass covering and tripped the alarm. Firemen were at the scene before the children had time to reach a telephone and explain it was all a mistake.

### STAFF OF NEEDLE FIRM INVENT NEW MACHINE

REDDITCH, England.—With new machinery invented by its staff a needle manufacturing firm here has raised its output from 9,000,000 a week in 1938 to 30,000,000 a week. Ninety per cent. of current production is earmarked for export.

### GEMS OF THOUGHT

#### INTEGRITY

What have we in us of the image of God is the love of truth and justice.—Demosthenes.

The man of integrity is one who makes it his constant rule to follow the road of duty, according as Truth and the voice of his conscience point it out to him.—Mary Baker Eddy.

Nothing is at last sacred but the integrity of your own mind. Absolve you to yourself, and you shall have the suffrage of the world.—Emerson.

There is no evil we cannot face or fly from, but the consciousness of duty disregarded.—Daniel Webster.

No pleasure is comparable to the standing upon the vantage-ground of truth.—Francis Bacon.

You need not tell all the truth, unless to those who have a right to know it all. But let all you tell be truth.—Horace Mann.

### TO BUILD HOSPITAL

CANORA, Sask.—Canora union hospital board decided an outpost hospital will be built at Norquay as previously planned. The decision was made after briefs had been presented by villages of Norquay and Hyas.

### BECOMES A CITY

PENTICTON, B.C.—Pentiction has become a city, letters of incorporation was presented at a civic ceremony recently by the Governor-General, Viscount Alexander. Mayor Robert Lyon received them and then presented the governor-general a gold key to the city.

## "CHEVROLET and ONLY Chevrolet IS FIRST!"

A PRODUCT OF GENERAL MOTORS

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

You'll get much better performance with economy from Chevrolet's world's champion Valve-in-Head Engine. It has the finest record of dependability of any automotive power plant! And Valve-in-Head Engines are exclusive to Chevrolet and more expensive automobiles.

How much more smoothly and steadily Chevrolet rides on all types of roads! Here's the real Big-Car comfort. It's the fine result of the Unitized Knee-Action Gliding Ride; and this feature, too, is found only on Chevrolet and higher-priced cars.

You and your family will have Big-Car safety, too. For Chevrolet brings you the three-fold protection of Fisher Unitized body-construction, the Knee-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

As you know, public demand for new 1948 Chevrolets is at the highest level in all Chevrolet history. For that reason, we urge you to keep your present car in good running condition, pending delivery of your new Chevrolet. Come in, get skilled, dependable service, now and at regular intervals.
